Buffet Menus

At Greenwood's we pride ourselves on producing high quality food from locally sourced ingredients. All food is produced fresh on site by our team of highly qualified staff in order to provide an experience that will impress.

All menus have been created as suggestions for your enjoyment and are subject to change depending on seasonal availability. However, if you have alterations that you would like us to quote for you, then we would be more than happy to oblige.

It should be noted that only buffets 4-6 include waitress service.

Ingredient and allergen information is available on request. All dietary requirements can be catered for with prior notice.

It should also be noted that we reserve the right to charge for all meals ordered after the final number has been confirmed, even if they are not required on the day.
